ABOUT US

Created in 2014, the Aerotropolis Atlanta Alliance is a public-private partnership working to improve the area around metro Atlanta's greatest asset--the world's busiest and most efficient airport. As a major driver of the State's economy, Hartsfield-Jackson Atlanta International Airport (ATL) generates a \$34.8 billion economic impact for metro Atlanta every year and provides more than 64,000 jobs on-site, making it the state's largest single employer. It is also a global gateway, offering metro Atlanta residents and businesses nonstop service to more than 150 domestic and 70 international destinations.

The Alliance works with its partners to direct investment towards aesthetic enhancements to and sustainable integration of the area just outside the fence that complement the world-class distinction of the airport.

Under direction of its board of directors and action committees that focus on organizing and aligning stakeholder interests, the Alliance seeks to work with anyone willing to invest in the future of the great communities that make up the Aerotropolis Atlanta area.

Join us in championing the South side of metro Atlanta, from its historic main streets to the major corporate headquarters, as the next great place to invest in quality economic development.

OUR COLLECTIVES

Aerotropolis Atlanta Alliance Collectives are action committees made up of industry experts focused on catalyzing solutions to the regions most pressing challenges and leveraging its greatest opportunities. The following Collectives are a key piece of the strategy to implement the Aerotropolis vision.

Economic Development Collective – Established to develop a unified message for marketing the area to potential prospects that will bring diversified quality development and investment to the Aerotropolis.

Workforce Development Collective – Established to facilitate workforce trainings that fill talent gaps for area businesses and increases prosperity of local residents, as well as develop talent pipelines by connecting to educational institutions.
